SOMARIS

Individual look for purists. Concise, elegant and with many practical features – that is what defines SOMARIS. This mirror cabinet caters specifically to different needs, so it is a true all-rounder for the bathroom.

LED

Particularly efficient LED light sources

Dimmable

Infinitely dimmable light intensity

Touch sensor system

Intuitive sensor control is seamlessly integrated into the frame

Aluminium

Body / frame made of very stable anodised aluminium

Mirror heating

Optionally equipped with a mirror heater for a clear view after showering

MIRROR CABINETS

For clarity. The KEUCO SOMARIS has a very clean look, not least because of its handleless design. Precise edges accentuate the mirror cabinet's modern exterior. For a minimal look at the washbasin, a recessed version is available instead of the on-wall version.

Tidy charging. An electric socket at the side allows the toothbrush to be charged inside the mirror cabinet - even when closed. It is protected by a hinged cover, and appears when it is needed.

Operated with one touch. The controls are practically arranged on the underside of the aluminium mirror cabinet. So, it can be operated when either open or closed. Icons on the mirror surface indicate the corresponding buttons.

For big and small. Inside the reduced look of the body awaits a generous interior. It offers ample storage space, and practical features that make everyday life easier. The glass shelves can be arranged to adapt to the sizes of care products, big and small.

Clear view at the touch of a button. The optional mirror heater guarantees a clear reflection after showering – especially in small or windowless bathrooms. After 20 minutes it automatically switches off again.

Fits every washbasin. It comes in many sizes with one, two or three doors. As a special feature, in addition to the classic symmetrical door layout, there is also an asymmetrical version.

TECHNICAL DATA

Variant	Number of doors	Width	Height	Depth	Surface	Mirror heating
Wall-mounted	1-door	600 mm	710 mm	127 mm	mirrored black matt white matt light oak decor	optional
	2-doors	800 mm
