EXCELLENT SHOWER COMFORT

With the AquaXPro 200 shower set, you can enjoy your own personal shower moment whenever you want. The two ergonomic sliders for the head shower and the hand shower offer you unique control over the amount of shower water and are very intuitive and effortless to operate – even with wet hands. Thanks to the inconspicuously ribbed surface, the controls feel particularly pleasant, while the modern look creates a stylish atmosphere in your bathroom. With AquaXPro you can make your daily shower a special moment of relaxation!

The BEST OF DESIGN predicate of SCHÖNER WOHNEN rewards high quality and innovative design.

VERSATILE VARIANTS

The new AquaXPro faucet series is stylishly added to your bathroom decor thanks to a convincing, striking and clear design. The series is complemented by the shower set AquaXPro 100 thermostat, equipped with handles with fine ribs. Thanks to the height-adjustable wall connection on the rod, the set is also ideal for renovations. In addition, AquaXPro has complete shower sets with hand shower and shower rod with real glass – for maximum shower comfort. As an alternative to the shower rod, the soberly shaped shower head holder exudes minimalist elegance.

Single-lever washbasin faucet
with 360° swiveling spout

PREMIUM WASHING FUN

Our modern single-lever washbasin faucet AquaXPro is the ideal addition to our shower sets and creates a uniform atmosphere in your bathroom. It is available in the same colours, so you can stylishly add the powerful design lines of the AquaXPro series to the sink.

The characteristic ribbed structure is also reflected in the control lever of the washbasin faucet and ensures pleasant and easy operation. Due to the L-shaped design, the faucet is particularly space-saving. The spout is 360° swiveling and for unlimited freedom of movement and optimal ease of operation.

FOUR Colours, FOUR WORLDS

With its classic and striking design and timeless design, the AquaXPro washbasin faucet creates a strong statement in your bathroom – as a high variant also perfect for washbasins with a surface wash bowl. You can choose from four modern colours – chrome, black-matt, brushed copper and brushed gunmetal – so you can decorate your bathroom entirely to your own taste. While the classic chrome exudes a timeless elegance, you create a fascinating accent with matte black. Copper radiates warmth and creates a moody atmosphere. Do you want something special for your bathroom? Then choose gunmetal. The metallic shade of gray is a real eye-catcher and gives the interior a powerful character.

ECONOMICAL AND HYGIENIC

For maximum hygiene in the bathroom, our AquaX-Pro chrome sensor faucet ensures. You can operate these contactless. Automatic shutdown contributes to saving energy and water, one of our most important resources. If you want the water to drain longer, all you have to do is press the integrated button. The temperature display in the glass panel is also particularly practical.

SUSTAINABLE BUSINESS

We take our social responsibility: with every AquaXPro faucet sold, we support the environmental organisation 'One Earth – One Ocean' in its mission to rid rivers and seas worldwide of plastic waste – an important step for more environmental protection and cleaner water!

STYLISH SOBER

Do you like minimalist? Our washbasin faucet AquaXPro is also available as a stylish built-in faucet – here only the essential remains visible. The rest skillfully disappears from the field of vision. This way you give your bathroom a sober atmosphere and you can fully concentrate on your well-being. In addition, the built-in version offers more free space around the sink for maximum comfort during your daily body care.

WELLNESS AT HOME

An extensive bathroom has a relaxing effect and promotes well-being. With our AquaXPro bath sets, you can also enjoy the benefits of our new faucet series in the bath. Thanks to the waterfall runout, the water flows down like a natural waterfall and your bath is filled in no time. The beautiful and pleasant-feeling sliding regulator that is extremely intuitive to operate ensures optimal water control. Shampoo and shower gel bottles can always be placed at your fingertips on the generous real glass shelf. With AquaXPro you can turn your bathroom into a real wellness oasis!

Suitable for every need: our bath sets with hand shower holder or additional shower rod offer you maximum flexibility in the design of your bathroom.
