Introducing Natura Furniture

Natura Furniture is our exclusive, German-manufactured bathroom furniture collection, created to bring style, flexibility, and lasting quality to any bathroom. Available in four sizes, 60cm, 80cm, 100cm and 120cm, each vanity unit offers a choice of either one spacious deep drawer or a drawer with a concealed internal soft-close drawer, alongside a floating shelf option for added design freedom.

With a carefully curated palette of twenty finishes, including contemporary matt colours with anti-fingerprint technology and beautifully lifelike woodgrain textures, Natura Furniture offers a finish to complement any bathroom scheme. A choice of elegant Cosentino Silestone® basins or solid stone tops in quartz and ultra-compact surfaces further enhances the design possibilities.

The sleek, handleless aesthetic pairs effortlessly with any brassware finish, allowing complete freedom to create a bathroom that reflects your personal style.

Furniture Collections

Taking its name from the natural movement of water, the Flow Collection is designed for effortless, contemporary style. This sleek push-to-open unit features a single, shallow drawer fitted with premium Blum drawer runners, ensuring smooth, reliable operation. It works beautifully as a floating shelf or as a compact vanity. Pair it with one of our premium stone tops, available in a wide selection of quartz and ultra-compact surfaces, to create a bespoke finish in colours that complement any bathroom design. Flow brings seamless functionality and refined simplicity to modern spaces.

FLOW

Ebb

Named after the retreat of the tide, the Ebb Collection is all about subtle movement and effortless function. A matt black finger-pull bar runs along the drawer top, its slanted design almost hidden from view to keep the look clean and contemporary. Soft-close drawers provide smooth, practical storage, with options including a single deep drawer, a concealed internal drawer, or a shallower format. Available in four versatile sizes, Ebb offers refined simplicity with a tactile edge.

Our furniture colour selection has been carefully curated to offer the perfect balance of style, versatility, and lasting quality. The collection features twenty finishes, including ten matt colours with anti-fingerprint technology as standard, four natural woodgrain effects, two elegant stone-inspired finishes, and four subtle shimmer tones.

This diverse palette allows Natura Furniture to complement a wide range of bathroom designs, from calm and minimal spaces to warmer, more textured interiors and bold statement schemes.

Manufactured to order in Germany by Beckermann, a respected kitchen furniture specialist, every piece is crafted with exceptional attention to detail and a commitment to long-lasting quality, ensuring furniture that performs beautifully in the bathroom environment while maintaining a refined, premium finish.

Silestone Washbasins

Designed to perfectly complement the Natura Furniture collection, our Silestone® washbasins combine refined style with the exceptional performance of Cosentino's premium quartz surfaces. Available in two elegant designs, Armony and Elegance, each basin can be paired with either a sleek 20mm top or a bold folded-edge finish. With over 50 colours in suede and polished finishes and a choice of tap hole configurations, these basins offer the flexibility to create a bespoke, coordinated look that enhances any bathroom design.

Silestone® Basin Colours

Our Silestone® colour collection has been carefully selected to complement the Natura Furniture range, allowing you to create a beautifully coordinated bathroom design. With over 50 colours available, from soft neutrals and natural stone-inspired tones to deeper, more dramatic shades, there is a finish to suit every style. Each basin is available in four sizes, thoughtfully designed to align perfectly with Natura vanity units, and offered in both suede and polished finishes to achieve a look that is both distinctive and timeless.
